

Bhoomii India Packwell Pvt. Ltd.

PP Flute Board for Advertising & Display

Applications

1. Signage Boards

Outdoor and indoor signboards for shops, events, and exhibitions.

2. Display Boards & POP Stands

Point-of-purchase displays in retail stores and showrooms.

3. Election & Promotional Boards

Political campaign posters, promotional displays, & announcement boards.

4. Event Banners & Direction Boards

Temporary directional signs and branding panels at events.

5. Exhibition Panels & Backdrops

Lightweight panels for trade shows, stalls, and demo areas.

6. Safety & Instruction Boards

Used in factories, construction sites, and public areas for instructions and notices.

Specifications

Parameter

Parameter	Specification

Thickness:	3 mm to 5 mm (most common: 3mm and 4mm)
GSM (Density):	450 to 800 GSM
Sheet Size:	1220 mm x 2440 mm (4 ft x 8 ft) standard, custom sizes available
Color Options:	White, Blue, Yellow, Red, Black, Green, etc.
Surface Finish:	Matte, Corona Treated (for better print adhesion)
Printing Compatibility:	Screen printing, UV printing, digital flatbed printing

Advantages

- **Excellent Printability:** Corona-treated surface ensures high-quality print output.
- **Weather & Water Resistant:** Perfect for outdoor use; does not get damaged by rain or sunlight.
- **Lightweight & Easy to Install:** Can be hung, nailed, or pasted with ease — ideal for temporary installations.
- **Cost-effective:** Lower cost compared to acrylic, PVC foam, or metal boards.
- **Durable & Tear Resistant:** Stands up to wind, rough handling, and repeated use.
- **Eco-Friendly:** 100% recyclable; supports green advertising initiatives.
- **Customizable:** Can be cut into any shape, size, or design ideal for creative advertising.
