

Bhoomii India Packwell Pvt. Ltd.

Kraft Paper Edge Boards

Applications

1. Pallet Packaging

Strengthens and stabilizes palletized loads during transport and storage. Prevents edge damage caused by strapping or impact.

2. Carton Reinforcement

Protects corners and edges of cartons, boxes, and containers. Enhances stacking strength during warehousing.

3. Product Protection

Safeguards fragile or high-value goods such as furniture, electronics, glassware, tiles, and appliances.

4. Export Packaging

Provides extra durability for export shipments that face rough handling.

5. Bundling Products

Used to unitize long products like aluminum profiles, pipes, textiles, or paper rolls for secure handling.

Specifications

Parameter	Specification
Material:	100% Recycled Kraft Paper with water-based adhesive
Shape:	L-shape (standard) (U-shape and other profiles on request)
Leg Lengths:	From 25 mm to 100 mm (each side)
Thickness:	2 mm to 10 mm
Length:	Standard: 1 meter to 2 meters (custom lengths available)
Color:	Natural Brown Kraft (custom print/logo optional)
Load Capacity:	Light Duty to Heavy Duty (based on thickness and ply structure)
Moisture Resistance:	Available with PE coating or waterproof lamination
Environmental Compliance:	100% Recyclable and Eco-friendly

Advantages

- Edge protection prevents crushing, bending, or abrasion of product corners and edges.
- Increased load stability helps maintain vertical integrity when goods are stacked.
- Cost-Effective Cheaper than plastic or metal edge protectors and reusable in many cases.
- Eco-Friendly Made from recycled paper fully biodegradable and recyclable.
- Customizable Available in various sizes, thicknesses, and printed branding options.
- Lightweight yet strong, it adds significant protection without increasing shipping weight.
- Easy to use can be manually or automatic applied with packaging machinery.
